ISAIAH 59:19

## EPHESIANS 1: 3-6

### **"The Family" (Pt.21) "Intolerant Of The Flood" (Pt.5)**

56-0115 - "The Junction Of Time"

In the Kingdom, **you got God's seal of approval**, the Holy Spirit in your heart. Let the waves ride wherever they want to. The times are getting worse. **Omnipotence is arising.**

-The term **Self-person** you will be hearing for the duration of this message a **is reference to our Flesh-person.**

-I will **be mirroring the contrast between your self -flesh person and your virtual personality.**

-So, this week I want to continue to take a closer look **on how the digital technology and multimedia mediums are affecting our Self-person and approval.**

-In (self flesh-person) and God's economy, **Approvals are just as important as disapprovals.**

-However, in **the digital world, only approvals are accepted.**

-We are in an age **that promotes instant approval**, whether **you have earned it or not.**

-All have gone **approval craze**, so **when they don't get it by earning it, they take to the virtual world, which gives them instant approval with no facts checking.**

-This mentality of our society and culture is sending a mixed message to many Christians.

-The world today is propagating people to live in a fake personality.

-To hide behind their own self's, all the while portraying a virtual personality.

-In this false pretense self-personality, you can achieve everything you have ever imagine to be.

-But the trade off of this, is to crave immediate approval.

-What Satan is promoting is the idea to be two people, to live a double life.

-One, which is the real you and the other that is masked behind virtual reality or a fake image on the outside of the surface.

-I believe God is wanting his people to stripe away every false pretense and unmask the fake personalities.

-So, he can bring about the necessary changes in our lives.

-Having a double personality leads to one being holly, fake and self-centered.

-Our self-person approval and perfection comes through the blood of Jesus Christ, not by over sexualized images, perfect food and perfect travel photos displayed on our digital screens.

-Satan is trying his best to get you away from you being you and lead you down a downward spiral you will regret.

-Causing people to be consumed with social comparison, wishing they were someone else.

-Constantly promoting themselves, editing who they are aesthetically to portray the "best parts of their life".

-All the while God wants you to come him as you are, so that he can mold the proper image and self-person of who you really are... (Sons and daughters of God).

-Real Self-person perfection and approval, does not come through digital technology so easily as the world portrays it.

-It is formed through, character molding, testing's, trials, hardships, purged by the refiner's fire, being broken and remolded.

-This **sort of self-person perfection produces a true image of a real personality.**

-What the digital age is pushing is **a celebrity culture and obsession.**

-**Fake it to make it...** just keep looking into you glass screens and **compare your life with everyone else's edited highlights.**

-This **sort of personality is intentionally lonely and fake.**

-For those **born into a screen dominates age,** you are **taught to "mold yourselves"** in order to gain **the most social validations.**

-Parents an all need **to realize that their self sculpting personalities will lead to living a life of conditional self-love and personal-hate.**

-Because you now **depend on others to dictate who you are,** basically, **your self-worth relies on social approval.**

-Many who are **trapped into this cycle become more empty, lonely, hateful, jealous and insecure.**

-This **unhealthy social habit produces personallity insecurities.**

-I mentioned earlier we live in **celebrity culture and obsession.**

-Truth is, we are to be heroes of faith not celebrities.

-Our heroes of faith are being replaced by a fake personality celebrities.

-Faith heroes are men and women of character.

-Edited images on our glass screens does not make us heroes of faith.

-The graphic revolution age has enabled people to be replicated.

-To be someone else, "**carnal impersonation.**"

-What has Satan done? cause people to reject their own self-person and replace it with a fake one to seek greater approval.

-The **devil has fooled us to think that if we can replicate ourselves everywhere then we are accepted and approved.**

-He has deceived us to believe that being everywhere virtually on our digital technologies **will bring us infinite attention and infinite regard from others.**

-You may be feeling it virtually, but not realistically.

-This whole strategy is to keep people from being self-person before God.

-Our fake personalities addiction are incapable substitute for true intimacy with God.

-Have you ever wondered why it feels so natural to communicate with someone through your glass screen and awkward to communicate in person.

-This is so because on the screen we break away from physical limitations.

-We can present our thoughts, ideas and whatever we want to be without facing the truth.

-We can hide who we really are from our digital friends.

-Through the glass screens we can separate ourselves from people who don't think like us and gravitate toward people who do.

-It only enables people to connect with people who they have extremely particular things is common.

-Satan has used this medium to limit us from communication in person.

-It is **causing us to be socially awkward.**

-This behavior has trickled down into our actual relationships with other Brethren in the body of Christ.

-It is killing our fellowship and replacing it with fake personality in the virtual world.

-Glass screen fellowship has physical limitations.

-See what the devil has done is give some people a "place" on their glass screens whatever medium that is, where everyone largely agrees with their values.

-They **feel totally approved.**

-He now feed them the lies that **being at church they are not valued; they are misunderstood or unappreciated.**

-Satan wants us **to be escapist** and only get our **self-person approvals from digital friends.**

-keeping many locked behind a glass screen becomes a self-prison that debilitates them from real life approvals and disapprovals.

-This **fosters a person's personality to live in a pretense fake world.**

-As Christians **we must be able to adapt and be vulnerable to others.**

-Our **glass screens buffer us from diversities** causing us to lose **our self-person and revert to a virtual personality.**

-Digital friends have the tendency **to avoid working through disagreements, tensions and differences.**

-This **leads to becoming homogenous and unhealthy.**

(Homogenous is **the same or a similar kind or nature**).

-Living in a **virtual personality makes it easy to reject any form of disapproval, leaving blind spots and unaddressed matters unresolved.**

-The digital age of approval **has brought about a false concept of constantly being approved.**

-This matter **has caused great conflict in raising a family,** because now the expectation rate for approval is greater in self-flesh person, **whither people have earned it or not.**

-They **are so accustomed to being approved digitally that now they demand it, right or wrong.**

-The online celebrity culture is driven virtually by glory, praise and approval.

-Many live a life of the joy of approval and depression of disapproval with digital friends and family.

-Satan well know that being in self-flesh person gives us the privilege to be able to develop a Godly character through both approval and dissapproval.

-For this reason, he keeps people hidden behind a digital personality.

-Come out one time and confess Jesus Christ and see how public approval forbids it.

-If you mention too much about Jesus the world will unfollow you. You will be shunned; you will be despised.

-If the glory and approval of man is your God, you will not give up your digital approval for God's glory.

-But if you come to Jesus Christ and tressure his glory in self-flesh person above all other glory, you will forfeit the craving for instant digital approval.

-If you are bent on getting your satisfaction and affirmation from your glass screens, **you will turn away from Jesus Christ**, because you can't serve two masters.

MATTHEW 6:24

No man can serve two masters: **for either he will hate the one, and love the other; or else he will hold to the one, and despise the other.**

-In a solid in (self-flesh person) intimate relationship with Christ, **man's disapproval cannot hurt you and Man's approval cannot satisfy you.**

-As believers we must be careful that **we are not doing our good works and displaying** it on our glass screens to be approved and praised by man.

-This type of action will cost us an instant loss of our eternal rewards.

MATTHEW 6:1

Take **heed that ye do not your alms before men, to be seen of them: otherwise ye have no reward of your Father which is in heaven.**

-In **one humble-brag display in the digital world is a tradeoff of your eternal reward.**

-People do this all the time sitting in a coffee shop with their bibles open.

-Seeking the praise and approval of man.

-Our truly heart- satisfying approval we need is ultimately in Jesus Christ.

-We cannot continually to chase and lure the praise and affirmation of virtual personalities.

-Such desire will kill us spiritually.

-Those who feed on little nibbles of immediate approvals from man will eternally starve.

-In God's economy approval is something we wait for.

PSALMS 27:14

Wait on the LORD: be of good courage, and he shall strengthen thine heart: wait, I say, on the LORD.

-May God help us all to fight the lure of self-glorification in a cyber word, while yielding our in (self-flesh person) to his approval in the beloved.
